27 October 2006

Dear Dr Chao

I am delighted to be able to tell you that on 27 October 2006 your application for admission to Fellow was approved.

I hope that your Fellowship of the Institution of Engineering and Technology will be a source of satisfaction to you and a benefit to our profession and the global community we serve, and that, if you are not already participating in and contributing to Institution activities, you will now take every opportunity to do so. As you know, the Institution has a global membership and your support for your local region will, I know, be most welcome. I also suggest you access the Institution of Engineering and Technology web site regularly so that you can participate fully in activities and initiatives.

May I conclude by saying that if there is any matter upon which you now, or at any future date, require information or advice I or my staff will be delighted to assist. If there are further queries please call +44 (0)1438 313311 and you will be put through to the appropriate member of my staff.

Yours truly
